## ASSAY DEPARTMENT,

June 29, 1880.

Hon: A. Loudon Snowden

Superintendent &amp;c. &amp;c.

Sir

I shall feel much obliged to have permission in general terms, so to adjust the summer recreations in my department, as will best suit the state of the work.

To do this, it is advisable to give leave for a few days, perhaps a week, at a time; and I would rather not load your files with petty applications. I shall see that no advantage is taken.

Very respectfully  
Wm E DuBois  
Assayer
